

**Additional Step Required Prior To Running VAT Change Price Changes.**

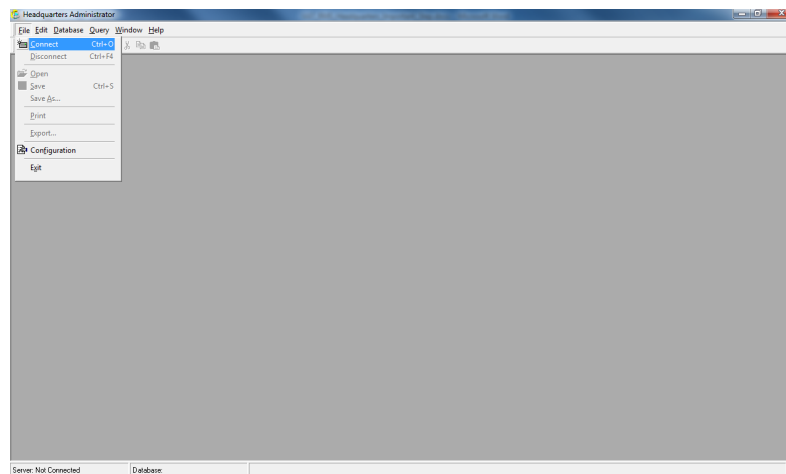

Prior to Running a price change wizard some SQL must be run at Head Office to correctly populate TAXids

**At HQ**

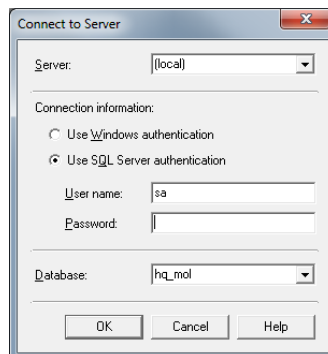

Launch HQ Administrator

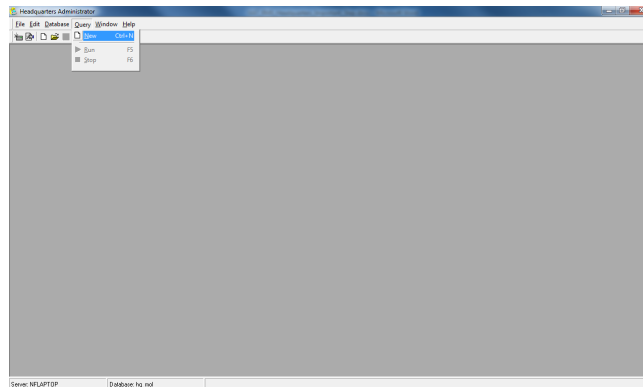

Click on the "File" Menu Then "Connect"

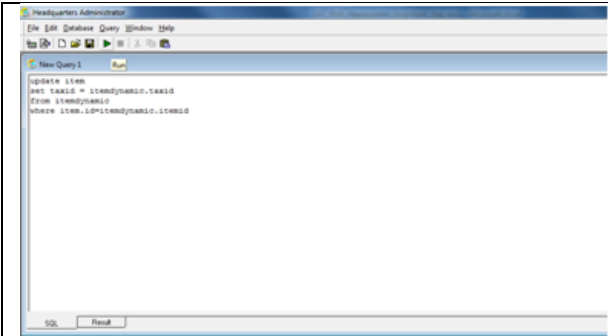

Enter Your SQL Password

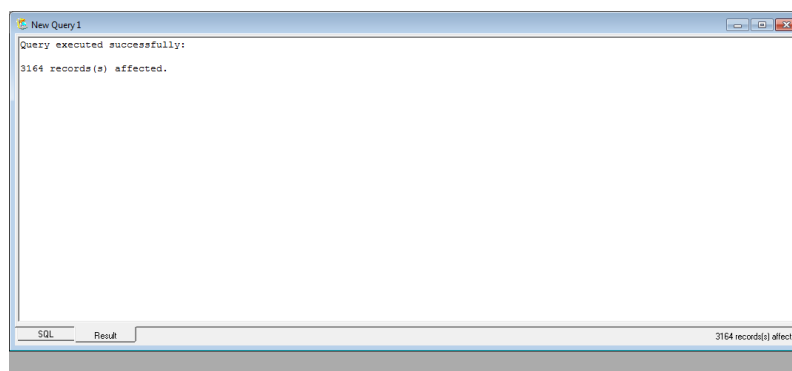

Once Connected Click on “Query” Then “New”

In The Query Window Type the Query As below then Click on the Green Triangle To Execute.

	<pre>update item set taxid = itemdynamic.taxid from itemdynamic where item.itemdynamic.itemid</pre>
--	---

Wait For the Window to Indicate the Query Is Complete (This May Take some time)

You may now complete the Wizard Steps to Change prices in Headquarters Manager
